

Linda Wilson (Office Administrator)

This is my 17th year at Grace. It is a pleasure working in the office with Miss Jo, assisting parents and staff and having daily opportunities to interact with all the children in our program. I have four grown daughters and four grandchildren that I simply adore! My youngest grandchildren attended preschool here at Grace too. My youngest daughter is getting married very soon and my husband and I are enjoying a quiet house. I continue to feel blessed to be a part of Grace School, working with families and coworkers I have grown to love and especially grateful to work in a Christian environment where we can share God's love.
